

SHUROKKHA

Protecting Lives, Empowering Communities

Shurokkha Launches Its Nationwide Tree Plantation Campaign

World Environment Day | 5 June 2026 | Chapatoli Village, Anowara Upazila, Chattogram

Overview

As part of Shurokkha's commitment to plant 5,000 trees across Bangladesh, the organization proudly launched its nationwide environmental initiative on 26 June by planting trees at the premises of IRA Clinic & Diagnostic Center in Chapatoli Village, Anowara Upazila, Chattogram, in collaboration with the dedicated IRA Clinic team.

This marks the first step of a long-term commitment to creating a greener, healthier, and more climate-resilient Bangladesh. Every tree planted is an investment in cleaner air, biodiversity, and a sustainable future for generations to come.

Community Collaboration

Shurokkha extends its heartfelt thanks to the IRA Clinic team for standing with the campaign in this meaningful initiative. Together, the partnership demonstrates that community action can make a lasting difference in protecting our environment.

This is only the beginning. Over the coming months, Shurokkha will continue this campaign across the country as it works towards its goal of planting 5,000 trees and inspiring communities to take action for a greener Bangladesh.

Join the Green Movement

Shurokkha warmly invites volunteers, schools, colleges, universities, youth groups, community organizations, businesses, and development partners to become part of this national initiative. Whether by planting trees, donating saplings, organizing local plantation events, or supporting the campaign, every contribution can help build a healthier and more sustainable future.

Together, let's plant hope, grow forests, and leave a greener Bangladesh for future generations.

Interested in partnering with Shurokkha's Tree Plantation Campaign? Contact us to organize a plantation drive in your community and help achieve the goal of planting 5,000 trees across Bangladesh.
